SUBMISSION INFORMATION AND TECHNICAL SPECIFICATIONS FOR ENTRIES
MAXIMUM FILE SIZE 2GB
RESOLUTION HD 1920 x 1080
CODEC H264 Progressive
SOUND 2 Channels. 48khz - 16/24 bit
FILE TYPE .mov or .mp4

Most common transcoding errors:

- Resolution - please make sure your film dimensions are 1920 x 1080
- CODEC - We need your film's CODEC to be progressive, not linear
- Pro Res files - the system will reject files that are not .mp4 or .mov
- The system does not like long file names or names that contain special characters: *&^%\$£, etc.
- Please check your files properties before you upload them to the system. To do this, find your file and right click on it, select properties or more info, depending on the machine you are using and verify the information in the pop-up window corresponds with our tech spec.

If you continue to have issues,
don't worry - give us a call on 0207 734 6962
or email awards@britisharrows.com
